## Quick Advertising Returns.

Andrew Carnegie has turned the channel of his benevolence from the big universities and libraries to the small colleges. The Barre Times suggested that Vermont colleges ought to be remembered, and the next day's papers announced a \$50,000 gift to Norwich University. Still there are people who think that advertising does not pay.—St. Johnsbury Republican.

## The Vital Question

Most Names by Which Diseases Are Known Are Merely Technical Terms to Distinguish Slight Differences.

Chronic maladies are due to two conditions: First, to poor blood and disordered circulation; second, to a lack of nervous force and unequal distribution of it. In other words, we may look to the blood and nerves for most of the lingering ills that weaken, plague or wreck human kind. This explains why Dr. Chase's Blood and Nerve Food cures so many diseases that bear distinctive names. It puts the blood and nerves right, and through them the whole system comes right. This concentrated Food is a blood builder, which so improves the vital fluid that it thoroughly nourishes every part of the body. It is also a powerful vitalizer, that gives an abundant store of energy to the nerve centers, which is distributed to every part, according to its needs. Price 50 cents, five boxes, enough to give it a fair trial, \$2.00. Weigh yourself before taking it. Book free.

Sold and guaranteed by E. A. Drown.
